AF Credit 6: Strategic Plan

Criteria

Institution's current formally adopted strategic plan or equivalent guiding document includes sustainability at a high level. The strategic plan covers the entire institution.

An amendment to the strategic plan may count for this credit, as long as the institution always presents the amendment with the original plan.

Neither a master plan (which is covered in AF Credit 3) nor an independent sustainability plan (which is covered in AF Credit 4) counts for this credit.

Guidance

This credit recognizes institutions that have made a formal, substantive commitment to sustainability by including it in their strategic plans. The strategic plan is the premier guiding document for an institution; it shapes the institution's priorities and guides budgeting and policy making. Including sustainability at a high level in the plan signals an institution's commitment to sustainability and may help infuse an ethic of environmental and social responsibility throughout the campus community.
